

CONFETTI X

ESPORTS AT CONFETTI

Confetti has been at the forefront of creative technology education in the UK for over 25 years.

Coming autumn 2021, Confetti X is their unique take on a cutting-edge esports complex, that brings together years of expertise in live events, content creation, streaming and competitive gaming.

We should all expect something very special!

ACADEMIC OVERVIEW

The ethos at Confetti is 'Do it for Real'. This means every single student has access to world class facilities, the very best teaching, and countless real-world industry experiences.

And better still, Confetti isn't just training you for the creative industries, it is a big part of the UK's renowned creative industries. Uniquely, Confetti runs its own creative commercial businesses which means its students have the best opportunities possible.

The esports education portfolio at Confetti includes:

- BTEC L3 Esports Production
- BSc (Hons) Esports Production

“

The whole set-up here has impressed me! We are – and I am – really excited to work with Confetti going forward as part of the project to bring Esports ‘alive’ in the UK.”

Mark “Garvey” Candella,
Director of Student and Education Programs
TWITCH

ESPORTS VENUE

With a typically ambitious vision, the 14,000 sqft Confetti X complex will also play host to professional and amateur esports events, provide coaching sessions for teams, and also offer regular product launches and masterclass events throughout the year.

So don't waste any time, get in touch and make Confetti part of your story.
